200 S. F. REAL ESTATE MEN TO VISIT HERE

WHOLE CITY TO GREET VISITING REALTORS ON THURSDAY, NOVEMBER 13

Sub Committees Are Named to Arrange for Entertainment of Guests; Mayor James Rolph May Lead San Franciscans

Preparations for the entertainment of 200 San Francisco Real Estate Board members in this city on November 13 were started at a meeting of the committee in charge called by Chairman Truax, held Monday afternoon in the Bank of South San Francisco. Various sub-committees were named and the spirit "evidenced in the meeting indicated that the project of "showing South San Francisco to San Francisco" will be one of the most progressive steps ever undertaken by this city.

ARRIVE AT NOON

Tentative plans for the day as outlined indicate the realtors will arrive here about 12 o'clock. They are slated to leave San Francisco at 11 o'clock with Mayor James Rolph leading the caravan. He will be accompanied in the vanguard by Supervisor Ralph McLeran, Harvey M. Toy, chairman of the state highway commission, and Colbert Coldwell, former president of the San Francisco Chamber of Commerce. A parade down Market street to the Ferry Building, led by the San Francisco Chamber or Commerce Band, in automobiles bearing a banner with the inscription, "South San Francisco Bound," or some such slogan, is also planned before the actual start is made for this city.

The San Francisco realtors will be met at the city limits here by a delegation of city officials and representatives of all organizations and, led by Chief of Police Louis Belloni, they will enter the city and go directly to Fraternal Hall, where a luncheon and general get-together is planned.

Mayor to Greet Delegation

Mayor H. F. McNellis will officially welcome the visitors and will then turn the meeting over to W. J. Martin, who will act as toastmaster. The speakers' list includes: Mayor James Rolph, Ralph McLeran, Harvey M. Toy, and Colbert Coldwell of the visiting delegation; Charles Hoehn of the Manufacturers' Association, Harry A. Cavassa of the Merchants' Association, Dr. F. S. Dolley of the chamber of Commerce, and John F. Davis, representing the city.

Hickey, County Tax Collector Ambrose McSweeney, County Assessor Dan Flynn, County Surveyor George A. Kneese.

It is planned to secure souvenirs to be given to each visiting real estate man.

Special Edition Planned

A special edition of The Enterprise is to be prepared and a copy will be placed in the hands of each visitor. This edition, to be circulated with the regular edition, will tell the visitor, by map and picture as well as in words, something of the city.

Following the dinner the guests will be taken on a tour of the city, which will end on the site of construction of the East Side highway, where they will be able to see the actual work of consturction on the "bottle-neck breaking road."

From that time on the visitors will be free to visit where they will. It is expected that all of the factories will have automobiles properly labeled, on the grounds to transport the guests to any plant they desire to inspect.

The following committees were named by Chairman Ben H. Truax to complete the details for the visit:

Luncheon committee, Phil R. Thompson, chairman; Lloyd W. Thayer, and E. C. Peck.

FIVE MEN ARE NAMED ON ADVISORY BOARD FOR WESTERN LOAN COMPANY

Old Line Company Prepares to Begin Transacting Business Here; California Growth Has Been Tremendous

F. A. Cunningham has received the authorization granted to the South San Francisco unit of the Western Loan and Building Company of Salt Lake City, and the following members have been appointed to act on the company's local advisory board: F. A. Cunningham, W. H. Dinning, I. H. Potter, Richard Stickle, Henry A. Viette. All is now in readiness to begin transacting the company's business in our city through Mr. Cunningham's office.

The Western is rated as the most far reaching building and loan company operating in this section of the country, with available funds always on hand to meet the requirements of any community in which it is established. It was founded 32 years ago and now has a capitalization of 60 millions. The company is operating successfully in the states of California, Oregon, Washington, Nevada, Utah, Idaho, Wyoming and Montana, and has built up an enviable reputation for service and progressive policies.

The report of the company shows a tremendous growth in California during the past year, especially in the southern part of the state, and efforts toward branching out are now concentrated on this section. Representatives of the company inform us that our district with not an house nor a vacant apartment, is a good example of most of the other towns in this part of the state, meaning, in other words that progress is effectually blocked.

The distinct advantage to the community in the entrance of this company is that it brings in large amounts of outside capital and does not require that money for loan purposes shall be subscribed locally.

The systematic thrift plans offered by this concern are unique and make a strong appeal to all classes, especially to the young.

J. P. Hildreth, a special agent of the Western, will arrive tomorrow and remain for a limited period to assist the members of the new branch in getting under way and to as far as possible increase the membership.

The advent of the company into South San Francisco has a great significance and offers wonderful opportunities to both borrowers and investors and all progressive citizens are urged to get in touch with Mr. Cunningham, who will gladly outline the company's plans and policies, which are most interesting.

The street parade, held at 7:30 was composed of more than 157 automobiles. It was routed from San Bruno to Daly City, back to San Bruno and thence to Fraternal Hall.

Judge Ed. Farrell acted as chairman.

HIGH GRIDDERS DEFEAT LOS GATOS, 55-7

Will Play William Warren School on Local Field Tomorrow Afternoon

Coach Hunter's machine completely outplayed Los Gatos last Friday and the locals scored an easy 55 to 7 victory over the much-touted "Cats."

South San Francisco's chances for a little P. A. L. football championship were given quite a boost as the result of the fine performance of the team last Friday. The local athletes gave a great exhibtion from the start and they outplayed and outfought their opponents by such a margin that they pushed over 8 touchdowns and converted 7 goals for their one-sided victory.

Jean Dotson gave a great offensive exhibtion and it was his fleet-footed sensational runs through the "Cats'" line and in the open field that enabled the locals to win by such a big margin. He was, however, aided by almost perfect interference by his team mates. South San Francisco's entire backfield showed that they have plenty of class and football knowledge.

In the first three quarters and up until South San Francisco had substituted its entire second team Los Gatos never had a chance. The local line played remarkable ball and the "Cats'" drives through the line were stopped without gains. In the last two minutes of play with our entire second string boys in action a bad pass from center was recovered by a Los Gatos end, who raced over for their lone score of the day.

The second string boys proved to their coach that he will still have plenty of good material again next year.

The local team will have another chance to do their "stuff" next Friday, when they will play William Warren High.

MILLBRAE YOUTH HURT IN CRASH

Carl Lera, of Millbrae, suffered a severely cut wrist when his Ford collided with a Lincoln touring car on the top of the grade above Shelly's Cove last Thursday evening.

The cars met with such a force that Lera's Ford was reduced to a heap of junk and the Lincoln went into the garage for rebuilding. Lera was taken to the South San Francisco Hospital where it was found that three finger leaders on the back of his hand had been severed, and 53 stitches were necessary to close the wound. Henry Signorelli, who was traveling with him escaped uninjured.

HALLOWE'EN MASK LARGELY ATTENDED

Miss Cecelia Carmody, representing a Spanish dancer, was voted the best costumed lady in attendance at the Hallowe'en masquerade ball given by the Ruth Chapter, Order of Eastern Star, in Fraternal Hall last Friday evening.

Waldo Waelte, characterizing a negro, was awarded honors for the gentleman with the most novel costume. F. C. Thomas captured honors at the door.

YOUTH PLAYING WITH GUN SHOOTS HIMSELF

Shot in the heel while playing with a loaded shot gun, Enrico Sari, 10, of 561 Baden avenue, was given first aid treatment at the South San Francisco Hospital on Saturday afternoon. His injury was very slight.

HUNDREDS HEAR ELECTION REPORTS AT THE ENTERPRISE

Several hundred persons heard the returns of the presidential election as they were reproduced on the radio at The Enterprise office 219 Linden avenue, during the course of Tuesday evening.

By means of a Radiola X, furnished by Harry A. Cavassa, of the Peninsula Drug Company, and a magnavox loud speaker loaned by Archie King, of the Union Oil Company, the returns as broadcast by KGO were reproduced on Linden avenue in such volume as to attract and keep a constant audience from 4 to 11 o'clock.

OUTLET SEWER ACROSS NEW HIGHWAY TO COST $3000, SAYS KNEESE

Changes in Park and Playground Property Are Considered By City Trustees; Officials Make Reports

Cutting of an outlet sewer through the marsh and across the new Eastside highway will cost in the neighborhood of $3,000 City Engineer George Kneese told the city trustees in regular session Monday night.

Kneese was ordered to go ahead with the project and to attempt to enlist financial aid from San Mateo county and from the South San Francisco Land and Improvement Company.

The proposed channel will average 4½ feet in depth and will be 30 feet wide. The dredger owner now working on the Eastside highway has offered to cut the ditch for 64 cents a linear foot, which is regarded as a very moderate price.

City Hall Roof Needs Repairs

Building Inspector Edgar H. Lewis reported that inspection of the city hall roof revealed several loose slate shingles and the necessity for replacing some of the tin roofing around the clock tower. He was empowered by the board to see the building contractor who erected the hall and to take steps to repair the leaks.

LAWBREAKERS NUMBER 34 IN OCTOBER

Thirty-four arrests were made by the local police during the month of October, Chief of Police Louis Belloni reported to the city trustees in regular session at the city hall Monday night. GRANT REHEARING ON ORANGE AVENUE EXTENSION PETITION

South San Francisco has been granted a rehearing on its petition to the Railroad Commission for the Extension of Orange avenue to Los Cerritos Tract. However, the date November 19, is deemed unsatisfactory because all of the evidence necessary has not been collected.

The deal was made through the firm of J. P. Duffy & Co., of Burlingame. The former owner, H. C. Groom, purchased the Coffinberry home on Grand avenue, as a part of the negotiations.

UNIDENTIFIED MAN SEVERELY BURNED IN MYSTERY BLAZE

Badly burned in a fire of unknown origin, an unidentified man known only as Marigall, and residing on Maple avenue, was taken to the county hospital on Monday morning after he had been treated for two days in the South San Francisco Hospital.

Marigali, who speaks no English, was unable to give an account of the manner in which he was burned. Local physicians express a belief that he was smoking in bed and that the bed clothes caught afire when he fell asleep. He was burned severely on all parts of the front of his body and is not expected to recover.

Cunningham and Fred Lautze spent the week-end at the Limit Gun Club near Maxwell. They bagged more ducks on this expedition than on any previous trip.

NEW WAREHOUSE FOUNDATIONS BUILT UP FROM BEDROCK

Engineers from all over the West are visiting the city of Crockett, 27 miles north of San Francisco, to study the novel scheme for the laying of foundations for the new million and a half dollar refinery warehouse being constructed there.

A few years ago harbor engineers discovered that wooden piles near San Francisco bay were valueless due to activities of the teredo navalis, or the "ship worm." This parasite has been known to destroy wooden piles a few years after being driven. In recent years the Pholadidea Penita has been discovered on the Pacific coast. This attacks concrete piles and can eat away rock and concrete. It resembles a small clam or mussel. Naval engineers recently found that the pholad is slowly widening the Golden Gate. They claim that it marks a departure in foundation work which will intrigue the interest of engineers throughout the world.

Pastime Clubbers Almost Drown a Visiting Hunter

Three men in a boat may enjoy a reasonable amount of safety but two men in a boat and one in a duck blind—that's different.

Dave Ratto and Fred Grandonna were showing George Lee of San Francisco how the Pastime Club members bag ducks on the bay last Tuesday morning. Incidentally, Lee is Ratto's brother-in-law. He was planted in a duck blind while Ratto skippered the club's launch around the bay to chase the ducks in. After about two hours, during which the ducks kept their distance, Ratto and Grandonna decided to pick up the man in the blind and go home.

As they approached the blind Ratto shut off the launch engine but forgot the thing had no brakes. The launch hit the blind and turned it over, throwing Lee into the drink. He managed to swim to the launch, which was, by that time, about 40 feet away.

Lee, it is reported, is still shivering from his dip in the bay. He swears (not profanely) that he'll learn to skipper the launch and let the others shoot from the blinds on his next trip.

MISS JANETTE TERRANCE GIVES HALLOWE'EN PARTY

Miss Janette Terrance entertained a number of little friends at a party in the home of her aunt, Mrs. E. C. Peck, on Eucalyptus avenue, Saturday afternoon. The guests were Misses Helen and Frances Coleberd, Nell Coffinberry, Betsy Dolley, Edna Spangler, Lurline and Vivian Lewis.

property had not yet been fixed by that organization.

Following the recommendations of Thayer the trustees decided to again view the property. This was done on Wednesday evening and if the proposed changes in the purchase of land seem advisable the land company will be asked to submit its price immediately.

Davis reported that the hearing on the petition of the city to the Railroad Commission for through car service from San Francisco had been fixed for December 3 in San Francisco. He presented a resolution requesting that the hearing be held here and at a later date so that more evidence could be prepared. The trustees passed the resolution.

PROGRAM FOR REALTORS' DAY OUTLINED

Among the communications received by the city trustees in session Monday evening in the city hall was the carbon copy of a letter addressed by L. W. Thayer of the South San Francisco Land and Improvement Company, outlining the proposed program for the visit of the San Francisco Real Estate Board here on November 13. The letter, addressed to the real estate board acknowledged receipt of their acceptance of the joint invitation issued by the city trustees, the Manufacturers' Association and the chamber of commerce.

Mayor McNellis was empowered by the board to issue a proclamation asking every citizen to enter into the welcome to the visitors and urging the merchants to decorate their buildings for the occasion.

Want Their Money Back

Another request from the Pacific Gas and Electric Company urging the return of $500 posted some years ago to guarantee the replacement of pavement when laying new gas mains was turned over to the city attorney. The gas company suggested that $50 was enough to guarantee restoration of pavements. The ordinance governing such matters specifically calls for $500 cash, City Attorney Davis informed the board.

Further protests on the dumping of dirt into yards by the contractors who paved the alleys were referred to the street committee.

Several protests were heard against the charges for removing weeds this summer. Two property holders claimed they had removed the weeds from their own property but had been assessed just the same. City Engineer Kneese was ordered to investigate these special cases before a refund is ordered.

Want Poles in Alley

A map of proposed new power service on Elm avenue and a request for authorization to set new poles was received from the Pacific Gas and Electric Company. The petition was referred to the street committee and an effort will be made to have the poles set in the alley instead of the street.

The request of John Welch, newly appointed poundmaster, for a telephone, was granted. City Clerk McSweeney was ordered to have the phone removed from the home of Louis Ringue, former poundmaster, to that of the new incumbent.

A written request from John W. Coleberd, on behalf of the Methodist Episcopal Church, for final payment on the lot in the corner of the Civic Center, was granted. The payment was authorized at the previous meeting.

L. G. Cavalli was granted a soft drink license for the Capitol Hotel.

QUESTION OF EXTRA HELP DISCUSSED

As a grand finale to an otherwise quiet meeting of the city trustees Monday night in the city hall a three-sided controversy was developed between Trustees A. J. Eschelbach, M. McCaffrey and City Clerk Daniel McSweeney over the hiring of extra help in the city clerk's office.

Trustee Eschelbach raised the discussion, questioning the policy of hiring extra help. He urged that if it was determined that more assistants were needed they should be hired by the board and placed on monthly salary.

Trustee McCaffrey pointed out that the total expenditure in the last year of the previous administration for extra clerical work was $307.50, whereas the present administration had already spent $200 in nine weeks of its incumbency.

City Clerk McSweeney explained that extra help was necessary at this season of the year in preparing assessment rolls, making out tax bills and working on the bills, justifying his position by pointing out that the work in the tax collector's division of his office was twice as great as previously, due to the increase in the valuation of property.

The matter was thoroughly threshed out by all members of the board and the clerk and the general understanding resulted that extra help shall not be hired in the future unless the board sanctions it.

KING'S HERALDS ARE GIVEN HALLOWE'EN PARTY BY TEACHER

The Kings Heralds, a Sunday school class of the Methodist church, were entertained by their teacher, Mrs. J. James, of 792 Grand avenue on Friday evening.

The children were costumed as witches, goblins and the various other creatures of Hallowe'en and the party itself was preceded by a street procession which took up a large part of the evening.

Plates were set for 15 on tables decorated in Hallowe'en fashion. A large pumpkin faced cake formed the center piece. Refreshments consisting of sandwiches, cakes, punch, candies and fruit were served and noisemakers in the form of mechanical crickets were distributed.

Vibrations of guns of battleships 20 miles from shore, shook houses severely in Findochty, Scotland, recently.

COMMITEEE OF NINE IS DUE NOVEMBER 11

San Mateo county's board of supervisors, in session Monday morning at the courthouse, agreed to meet the governor's highway committee of nine in Redwood City at 11 o'clock on the morning of November 11, at which time the highway body will have completed its inspection tour on the Skylin boulevard and the Bayshore highway.

In connection with this action, County Clerk Elizabeth M. Kneese was instructed to notify the San Mateo County Federation of Women's Clubs, the Peninsula Chambers of Commerce, Federated, trustees of the various municipalities and other organizations of the county, urging them to be present when the governor's committee arrives.

The visit of the committee here November 11 will mark the last field trip of that group before making recommendations to the governor.

The board of supervisors this week accepted the bid of the Pacific Gas and Electric Company for a renewal of its franchise in connection with the Menlo Park lighting district for another five-year period.

A communication from the Southern Pacific Company relative to the condition of the crossings at Glenwood avenue, Menlo Park, and the Middlefield road, near Dumbarton, stated that an investigation was under way and that the company would make its report soon.

Notice was received from the war department to the effect that the Pacific Portland Cement Company had filed application to build a pump house on the east side of Redwood Creek, 800 feet south of Westpoint Slough. Protests must be filed on or before November 8.

The supervisors received a letter from the Sempervirens Club of California relative to an agreement between the county and the state to pay for a road from the California Redwood Park to Pescadero. The club announced its intention of going before the next legislature to request an appropriation for another road as an outlet for the park in case of fire.

The board granted to Mark Ryan, local electrical contractor, the contract for wiring to be done at the tuberculosis pavilion at the Community Hospital. Ryan's bid was $312.

A communication was received from Nora E. White, Berkeley nurse, who asked to be considered as an applicant for the position as superintendent of nurses at the Community Hospital. The letter was filed.

P. F. Botto, dairyman of San Carlos, appeared before the board and asked that a dairy inspector be appointed by the county supervisors. The matter was put over until the next meeting, November 10.

REDWOOD CITY BOARD ORDERS WIDER HIGHWAY

REDWOOD CITY, Nov. 6.—The Redwood City board of trustees Monday night voted to instruct City Engineer C. L. Dimmitt to prepare plans and specifications for the construction of shoulders on El Camino Real within the city limits, in accordance with the recommendations contained in a report submitted by the committee appointed by the council to investigate different types of paving. The committee's report, read at last night's meeting of the board, recommended that National Pavement be selected.

After investigation different types of pavement in the San Francisco bay region and also in and around Los Angeles, the committee chose National Pavement as being best suited for the widening of the highway through Redwood City. "We believe it will last longer and cost less for maintenance than the other types we inspected," the report stated.

Actual construction on the highway will not be started before next spring, it is believed. The contractor would not be able to proceed until 60 days, at the best, and by that time the rainy season will have made a delay in the work necessary, it is believed.

TO CORRECT FALSE IMPRESSIONS

Entertainment of the San Francisco Real Estate Board Here Next Week Should Convince the Visitors That This Is a Real City

South San Francisco will have a real opportunity offered it on next Thursday. The Real Estate Board of San Francisco is to visit here. Approximately 200 men will come here to see "The Industrial City."

They will come from a city that boasts it "knows how" to entertain its guests. They will doubt that this city can show them the real hospitality they are accustomed to lavish upon visitors in their midst.

Therein lies South San Francisco's opportunity. In the impression made on the minds of these 200 realtors lies the making of a great deal of the future success of this city. Many of the men who will come now believe that South San Francisco is "butchertown," or if they know it as a real municipality at all, they thing it nothing but a leech upon the backs of the factories in the industrial zone.

We, then, are faced with the task of selling ourselves to these San Franciscans. We must demonstrate to them that we have a real city here, that we are a live, going concern. We must sell South San Francisco to these visitors, not in dollars and cents, but impressions they will gain through our hospitality.

This we can do by mixing with them while they are here, seeing that their every desire is fulfilled so when they leave here they will realize that this city is not a part of San Francisco, but a real, live municipality of people who also "know how."

"FORGET-ME-NOT" DAY

Six years ago, November 11, 1918, the most momentous and awaited declaration in the history of the world electrified and brought joy to the people on this earth. This message was the Armistice that war lords of the combatant nations had agreed to a cessation of hostilities after five years of hate and bloodshed which had taken its full measure of the fairest youth and manhood of the countries involved in the holocaust.

However, while millions were joyful there were hundreds of thousands of men who had paid the toll of war. Among these were thousands who had answered the call to arms when the United States entered the war. For these men, some torn by shrapnel and machine-gun fire, others inflicted with incurable disabilities, the battle had only begun.

After six years, just lacking three days before the Armistice, observance of "National Forget-Me-Not Day" will be celebrated in several hundred cities and towns in all parts of the United States, in behalf of these thousands of disabled and wounded American heroes in hospitals and other institutions, again this year on November 8th.

Funds secured from the sale of millions of these little blue flowers will be used to aid these men in their never-ending battle to regain their health and strength and once again be self-supporting.

To this end, November 8th has been set aside as "National Forget-Me-Not Day."

This day is set aside not as an act of charity, but as a small fraction of the debt we owe these men. The D. A. V. organization is doing its utmost to meet this debt. How about your obligation in the matter?

CAUSE FOR JUBILATION

Election of Coolidge and Dawes by Such Tremendous Majority Is Welcome News Both Here and Abroad

The election of Coolidge and Dawes by the landslide vote given them Tuesday is a multiple cause for jubilation. It records impressively and indisputably a widespread state of public satisfaction with the present prosperous order of things and a decision to support the men and policies most able to keep them so. It is a crushing blow to the radicalism represented in the rival candidacy of La Follette and Wheeler that should serve to silence for a time the forces that tend to create unrest while offering no adequate constructive program.

The heavy popular and electoral vote won by the Republican team leaves no room for doubt that the result of the election is as the people willed it. That the election was settled by the people themselves on the appointed day, thereby dispensing with the much-feared necessity of throwing the contest into congress, with all the attendant depression on business that would have resulted from the uncertainty attending the prolonged political siege, is a source of special satisfaction.

While there was never any real doubt in the minds of the majority that the Coolidge-Dawes team would lead the contest, the size of the vote polled by the winning candidates was manifestly a public surprise. Both the Coolidge and the La Follette constituencies may be said to have absorbed some of the qualities of their respective standard bearers. The noise made by the La Follette campaigners caused an extreme overestimation to be made of the strength of the Wisconsin candidate, while the less demonstrative methods of the Coolidge supporters failed to disclose any hint of the vast extent of their number.

The election of Coolidge and Dawes will have not only a stabilizing influence on affairs in this country, but will go far toward maintaining the confidence of foreign powers in the United States. The helping hand of America has been put forth many times and in diverse emergencies during the incumbent administration. With the addition of Charles G. Dawes to the administrative force, the confidence of foreign powers will be greatly strengthened.

Henry Ford is said to be considering the purchase of Williamsburg, historic former capital of Virginia, and its restoration to its primitive state. It might occur to the casual tourist, motoring about the nation, that there were enough villages in their state of pristine unimprovement already without any artificial increase in the number.

MONEY IS NEEDED NOW FOR ROAD CAMPAIGN

Peninsula Chambers of Commerce Notified of Assessment

The 15 chambers of commerce having membership in the Peninsula Chambers of Commerce, Federated, have received notification of their pro rata of the $1,500 pledged by the federation to the campaign fund required to put through the proposed program of highway extensions which provides for inclusion of the Bay Shore highway and Skyline boulevard in the state system.

The letter of notification sent by Chairman George F. Morell says:

"Members of the governor's highway committee of nine have already stated informally that they are opposed to the highway program, which includes the construction of the Bay Shore highway. Unless we can convince the governor's committee, or, failing that, the state legislature, of the absolute necessity of the immediate completion of the Bay Shore road as part of the state highway system, we must wait years for the working out of some local scheme of financing, and the disastrous consequences of this delay can hardly be realized.

"The sum of $1,500 has been prorated among the various organizations from San Francisco to San Jose, this sum to be turned over to Prof. C. D. Marx, who, in addition to being chairman of our Bay Shore highway committee, is chairman of the highway committee of the San Francisco Commonwealth Club. Professor Marx is one of the leading engineers of the country, a man of tremendous influence, and one who is thoroughly familiar with the highway situation.

"The committee has endeavored to allot a sum to each community which seemed equitable and fair, taking into consideration previous expenditures that have been made by some communities for this activity and the amount of benefit likely to accrue from the construction of this highway."

The 15 communities represented in federation membership are San Francisco, South San Francisco, San Bruno, Burlingame, Three Cities (San Mateo, Burlingame and Hillsborough), San Carlos, Redwood City, Ravenswood, Menlo Park, Palo Alto, Mayfield, Mountain View, San Jose, Sunnyvale, and La Honda.

SCHOOL ORCHESTRA CLUB TO GIVE CONCERT

The orchestra and glee clubs have been practicing diligently under the supervision of Mr. Reed and Miss Clifford, and are going to put over an attractive program.

Pupils of Professor Claudio will assist in the concert and a record attendance is expected.

LOW JUNIOR CLASS PARTY

The Low Juniors gave a class party at the home of Helen Fischer, their class president, last Saturday evening.

A very enjoyable evening was spent in games and dancing. Fletcher Cook entertained those present with some heretofore unseen gymnastics, and Everett Rolff tried a juggling act that resulted in a tipped over candy dish and the resulting loss of the candy contained.

Among those present were Misses Helen and Marion Fischer, Dorothy Hines, Cecelia Carmody, Lois Aylsworth, Georgian Knock, and Myrtle James; Messrs. Wesley and Jean Dotson, Joseph Bogle, Mylan Conrad, Rand Turner, Everett Rolff, Herbert Holliday, Frank Whitehouse, Tom Harris, Marcel Thomas and Harold Davis.

The party was chaperoned by Mr. and Mrs. G. C. Weller.

HOCKEY TEAM VICTORS IN FRIDAY'S GAME

The home team came home in the best of spirits after its game with Redwood City last Friday, due to the fact that it was on the big side of a 3-2 score.

Redwood City played a good game in the first quarter and scored the first goal. The game began to get pretty fast and with a show of skill Elva Ferrario, left wing, shot a goal in the second quarter, evening the score.

In the third quarter, both Redwood and our team tried to get the edge on each other, and South San Francisco scored another goal through Lois Aylsworth, making the score 2-1 in our favor.

Unfortunately, one of our girls let the little ball of composition rubber slip through her defense and Redwood City scored, making the score even again, 2 to 2.

The last quarter was filled with rapid fire action on the part of both teams, but Helen Fischer wrapped a snappy stick about that said sphere of composition line with the result that the game ended 3-2 in our favor.

The Redwooders treated the girls to a wonderful spread after the game. The coaches and captains of both teams gave talks and all claimed that the game was a matter of skill and team work on both sides, as the teams were very evenly matched.

Tomorrow, on the home field, the home team will endeavor to bring home the fact to the San Mateo team that they are the better players. Here's wishing them luck.

EDITORIALE

Sei anni or sono, l' 11 novembre, 1918, giorno fatidico e data immemorata, una istorica proclamazione, come una scintilla elettrica porto' gioia infinita agli abitanti di questa terra. Il messaggio era quello dei signori delle nazioni combattenti che dichiaravano la cessasione delle ostilita', dopo cinque anni di odio e spargimento di sangue nel quale fu olocausto il fior fiore della gioventu' delle nazioni belligeranti.

Mentre milioni di persone gioivano, centinaia di migliaia di soldati davano la loro vita alla guerra. Fra questi vi furono migliaia che risposero alla chiamata alle armi quando gli Stati Uniti entrarono in guerra. Per questi uomini, le lacerazioni delle loro carni e membra dalle bombe e dal fuoco continuo delle mitragliatrici non fu altro che il principio della guerra.

Dopo sei anni; soltanto tre giorni prima dell' anniversario dell' armistizio, l' osservanza dal giorno nazionale del "Forget-Me-Not," verra' celebrato ancora una volta in centinaia di citta' e paesi in tutte le parti degli Stati Uniti, all' 8 di novembre a beneficio di questi eroi Americani feriti e disabilitati giacenti negli ospedali o in altre istituzioni.

I fondi raccolti dalla vendita di milioni di questi fiorellini, saranno usati per venire in aiuto a questi poveri derelitti nella loro interminabile lotta per riacquistare la salute e le forze perdute e divenire ancora abili a sostenersi da se stessi.

All' uopo, l' 8 novembre e' stato dichiarato giorno nazionale del "Forget-Me-Not" (non dimenticatemi). Questo giorno di contribuzion e' stato dichiarato, non come atto di carita; ma semplicemente come una piccola memoria del debito che noi dobbiamo a questi sfortunati uomini. L'organizzazione dei Veterani Americani Disabilitati sta facendo tutto il possibile per soddisfare questi obblighi. Cosa farete voi in tal riguardo?

SABATO SARANNO VENDUTI I FIORI "FORGET-ME-NOT" PER AIUTARE I FERITI DELLA GUERRA

Il Supervisor Thomas L. Hickey, Phil Thompson, Henry Minucciani e Enrico Rossetti, parleranno al pubblico al Royal Theater, nelle sere di gioved'i e venerdi in occasione del giorno del "Forget-Me Not" (non dimenticatemi) il quale sara' festeggiato in questa citta' sabato prossimo con la vendita del sudetto fiore a beneficio dei feriti della grande guerra mondiale.

Alla riunione del comitato che ebbe luogo giovedi sera della scorsa settimana alle scuole tecniche, furono completati i piani per la vendita dei fiori.

La signora E. C. Peck, presidente del comitato ha stabilito di avere un gruppo di ragazze e le signore del club delle donne per vendere i fiori per le vie della citta' ed in giro per la fattorie.

I presenti alla riunione di giovedi' sono: signora E. C. Peck, presidente; A. C. Kleemeyer; Ira H. Potter; G. J. Roney; il rev. Asa P. Beall; il rev. Padre J. P. Moran; Enrico Rossetti; H. Minucciani; Carl Welte; la signora J. O. Snyder e A. J. Eschelbach.

HALLOWE'EN PRANKS LAND BOYS IN COURT

Hallowe'en exumbrance almost proved the undoing of seven youths of Millbrae on last Friday evening.

The young men, ranging in age from 16 to 21, became so enthusiastic in their Hallowe'en pranks they tore a few gates off the property of Harold Taylor, Millbrae school trustee, and also threw a wagon into his yard. When Taylor asked that they cease pranking they are reported to have said things not generally considered polite.

Taylor asked for citations in the justice court and the boys appeared to answer for malicious mischief. No complaint was lodged when they promised to repair the damage they had done.

SAN FRANCISCO WOMAN'S CLUB LEADER TALKS

"Woman's Opportunities Today" is the subject on which Mrs Edward J. Wales, president of the San Francisco district of the Federation of Woman's Clubs, addressed the local organization in Metropolitan Hall today at 2:30.

Mrs. T. J. McManus of Sebastopol, president of the Sonoma County Federation, brought greetings from the north bay county to the South San Francisco Woman's Club.

A display of handcraft made by the disabled veterans at Palo Alto was displayed in the clubrooms for the purpose of disposing of many of the articles. The exhibit consisted of baskets, leather goods, scarfs, table runners, bath room rugs and many other things of a similar nature. The proceeds of the sale went directly to the veterans for their personal Christmas funds.
